**Wilson's Crew Sinks German Sub in Atlantic**

Louis J. Wilson, chief commissary steward, of Harbor Hills, Lomita, is a member of the crew of one of four destroyer-escorts which recently trailed and sank a German submarine in Mid-Atlantic. It has been announced by Admiral Jonas Ingram, Commander in Chief, U. S. Atlantic Fleet.

Zigzagging in a long and desperate effort to elude its pursuers, the U-boat finally was blown to pieces in deep water. Debris, oil and personal belongings of the crew — such as a song book and the bowl of a pipe — told the crews of the DE's that their hunt was ended.

Chief Wilson is married to the former Adabelle Smith, daughter of Mrs. B. O. Smith, of Vallejo, Calif. They have two children, Drualla Lee, 13, and Roy L., 7.

**PUEBLO RECREATION PROGRAM BEGINS** . . . With the completion of a new \$5,000 recreation hall adjacent to St. Joseph's church in the Pueblo area of Torrance, a new recreation program has been undertaken for the benefit of residents of that area. Shown above are Father Wood with a group of Pueblo children and young people who already have made the new hall a scene of happy community life. Programs are planned from time to time, and Father Wood said that a well-rounded recreation plan is in the making for the benefit of the district. The city purchased two adjoining lots for use as playfields there. The building was constructed largely from funds raised by the Rotary club committee headed by James Lynch. (Torrance Herald photo.)

**Wm. M. Everett At Amphibious Base in England**

William M. Everett, 28, storekeeper, second class, USNR, son of Mr. and Mrs. William L. Everett, 1004 Arlington ave., Torrance, has been serving in a U. S. Navy Amphibious base's engineering and repair division in Portland, England, which helped win victory in Europe by turning out nearly 1,700 repair jobs.

Even though he didn't get in to the actual fighting phase of the war, he and several hundred other land-based bluejackets chalked up their own kind of records.

For months on end they worked around the clock to keep the ships in shape so that all Navy commitments could be met. Their jobs included everything from altering a ship's conning tower to changing propellers on small boats.

Most notable feat was the readying of every ship in two task forces for the Normandy invasion, despite air raids and changes in the time schedule.

Everett, who joined the Navy in September, 1943, was advanced to his present rating in February. Formerly he was employed by the Columbia Steel Co., in Torrance. He attended Torrance High School.

**Dance Is Plan Of Boys of Marine League**

**By ROBERT MAXFIELD**  
The Tartar Knights of Torrance High school attended the big conclave of all Knight organizations in the Marine League held at San Pedro High school, recently. Schools represented were San Pedro, Torrance, Narbonne, Gardena and Banning. This conclave was composed of members of the major boy's service organizations of these five schools. The purpose of the meeting was to gain a better understanding between the schools of the Marine League.

The conclave started with a sports period in the gym. Following this the group repaired to the school cafeteria for dinner. The head of each of the organizations was introduced along with the sponsor of each group. The entire assemblage was then divided into four main discussion groups to talk over problems of the Marine League. Topics discussed were relative to sportsmanship, better school relations, the choosing of Knights and others.

The main decision of the evening was the planning of a Marine League dance to be held next semester for the Marine League Knight organizations and Lettermen's clubs.

Tartar Knights present from Torrance High school were Werner Sommer, Bill Shaner, Gerald Godard, Bob Maxfield, Frank Dominguez, Jim Standifer and Bill Stanley.
